

Appl. No. 10/822,391  
Amdt. dated September 29, 2005  
Reply to Office Action of July 5, 2005

**Amendments to the Specification:**

Please replace the paragraph on page 1, before line 4, "Technical Field" with the following amended paragraph:

This application is a continuation of U.S. patent application No. 09/946,080 entitled "Tone Generating Electronic Device with Paging Module for Verification of Energy Curtailment," filed September 4, 2001, now U.S. Patent No. 6,745,106.
